**Suggestions for Presentation of Paul Harris Fellow Recognition**

The presentation of a Paul Harris Fellow recognition is always an occasion for public attention. A Rotary district conference offers a good opportunity for a presentation ceremony, but so does a regular club meeting – perhaps with a Foundation related program or during a visit of the district governor.

If you are the donor and the new Paul Harris Fellow, consider suggesting to your club president that this presentation be made publicly so that Rotarians will realise what their Foundation is doing and how it is supported. Whatever the occasion when the presentation is made, the local news media should always be notified with an informative release and invited to cover the event.

**Remarks when PHF recipient and donor are the same person**

The presentation of a Paul Harris Fellow recognition is The Rotary Foundation’s way of expressing its appreciation for a substantial contribution to its humanitarian and educational programs. It is named for Rotary’s founder, a Chicago lawyer who started our organisation with three business associates.

A world of peace and goodwill comes closer to reality today as (name …………………) becomes a Paul Harris Fellow. His/Her gift to The Rotary Foundation’s education and humanitarian programs is a commitment to peace and to a better life for people he/she will never meet, a truly selfless action.

It is because of gifts like his/hers The Rotary Foundation of Rotary International can carry out an array of programs that achieve beneficial changes in our world, improved living conditions, increased food production, better education, wider availability of treatment and rehabilitation for the
sick and disabled, new channels for the flow of international understanding, and brighter hopes for peace.

In becoming a Paul Harris Fellow, (name ................) joins a remarkable company of persons throughout the world, all recognized for their devotion to the ideal of goodwill, peace, and understanding. It is the goal of Rotarians the world over, and one that (name ................) clearly shares.

It gives me real pleasure, (name ............), to present to you the three emblems of appreciation given to Paul Harris Fellows – certificate, medallion and pin.

We congratulate you, and we thank you for your commitment to the programs of The Rotary Foundation of Rotary International.

**Remarks when PHF recipient and donor are not the same person**

The presentation of a Paul Harris Fellow recognition is The Rotary Foundation’s way of expressing its appreciation for a substantial contribution to its humanitarian and educational programs. It is because of gifts like the one made in (name’s ............) honour that the Rotary Foundation can carry out an array of programs that achieve beneficial changes in our world, improve living conditions, increase food production, better education, wider availability of treatment and rehabilitation of the sick and disabled, new channels for the flow of international understanding and brighter hopes for peace.

A contribution to The Rotary Foundation of Rotary International is an investment in the ideal of goodwill, peace and understanding. Working with such individuals of goodwill, we believe the ideal can and will become a reality.

ROMAC Mission Statement: To provide medical treatment for children from developing countries in the form of life saving and/or dignity restoring surgery.

Objectives:
- To provide hope where there is no hope
- To restore human dignity to human life
- To transform a child’s life
- To provide the best medical and surgical expertise
- To provide an opportunity to mend the broken lives of young people from developing countries

ROMAC is a Rotary sponsored children's medical program. Many children living in developing countries can not, because of their medical condition, be helped by their own or visiting surgeons. ROMAC refers to these as the “forgotten children” of this world. Their appearances have been disfigured by accident and/or congenital condition and as such they are often hidden from society.

ROMAC has successfully transformed these young lives by exposing them to Australia’s most eminent surgeons who generously provide their skills. In excess of 68 of Australia’s finest surgeons gladly respond to ROMAC’s call and thus are part of this great humanitarian project.

All 23 Australian and 6 New Zealand Rotary districts have a ROMAC representative. ROMAC is supported by government, hospitals and doctors in all states.

Our Regional Director is Rotarian David Bonifant. Visit the ROMAC web site: www.romac.org.au Donations are tax deductible
